

Social event of the week / EY Entrepreneur of the Year Hall of Fame

THERE'S a concrete bunker in the New Acton precinct that belies a warm interior, interesting aspect and great possibilities as a gallery space.

LYN MILLS

For one night it became the centre of a unique celebration as **Glenn Keys** and **Dr. Andrew Walker** were inducted into the EY Entrepreneur of the Year Hall of Fame for Aspen Medical which began in a Canberra dining room just over 10 years ago and has become a world-leading provider of healthcare services in Australia and around the world. The EY Entrepreneur of the Year Global Hall of Fame recognises outstanding and innovative entrepreneurs and Aspen Medical epitomises that with diverse services such as on-base health care to the ADF to providing health professionals to indigenous communities in the NT. Celebrating at the bunker bash, Glenn and **Amelda Keys** showed off that subtle tan of a couple just back from sunnier climes; they've been cooking, walking and sunning in Tuscany with their family. On the other hand, Dr Andrew seems to take everything in his stride. Congratulations.
